

Hello, my name is Patricia, and both my children are in AAU Basketball. AAU traditionally doesn't have photos done. So, I wanted to offer you the opportunity to have your Team photo taken along with individual photos. It's not like the traditional sports photography sessions, just more of a simple approach. I usually do headshots, natural light, and portrait photography – but I figured I couldn't be the only parent who wanted to have a photo of their kids 😊

If you have any questions, please do not hesitate to reach out.
